

REMARKS

Independent claims 12, 16, and 20 have been amended by inserting the phrase "by being added separately as an anchor substance" after "present" in element (3) in each of those claims. The change has been made following a review of the Examiner's comment in the Advisory Action mailed December 13, 2004 that the claims "are not limited to the anchor substance being a separately added component."

Applicants respectfully submit for the reasons advanced to date that the claims patentably define over the cited art especially in view of the present change.

Serial No.: 09/735,930

The Examiner is requested to telephone the undersigned if additional changes are required in the case prior to allowance.

Respectfully submitted,

PARKHURST & WENDEL, L.L.P.
